Jason,

Anga did an amazing job taking the ear impressions. Learned a lot from the fitting.

Curious to listen to some sounds next week. Marwan mentioned that the demo was impressive.

How does Tuesday 4/29 late morning/early afternoon work? or Thursday 5/1 late morning?

Thanks,
Tang

hi all! :)

@evans no worries! i won't be at the fitting this evening...hopefully we'll be able to finally meet in person soon.

@tang no problem on fitting those additional folks. lookin forward to meeting sometime next week and getting everyone's ears on some sound.

Hello Jason! I have been looking forward to meeting since our phone call a few years ago.

Unfortunately I have a conflict at 5pm so I likely won't be able to meet you. Hopefully another time soon.

Best,
Evans

Hi Tang,

Yes, I'd be happy to complete all the ear impressions today for you and your team. Would you mind sharing everyone's names with me? That way, I can ensure everything is organized and ready to go.

Thank you,
Anga

Looking forward to the fit session this afternoon.
Is it possible to get 5 people fitted? Some folks are curious about the fit.

Thanks

Come by 535 Pacific Ave. How about making it 5:30pm?
Unfortunately Jony is traveling this week, and Scott might be tied up. Checking if Evans is available for a fitting as well at 5:30pm tomorrow.

Thanks
Tang

Jason,

Great to e-meet you. I've also heard many good things from our common friends.

Happy to chat and listen to some sounds. Let me know when I can get a fitting? I can make time tomorrow Thurs 4/17, between 12-3pm or after 5pm. Or next Monday 12-3pm.

Looking forward.

Thanks,
Tang

Hi Jason and Tang,

You both have context. Jason wants to show some of the cool audio/earbud tech the iyo team has been working on. I'll let you take it from here.
